Client Questionnaire

Please complete this questionnaire as best you can and bring it with you to our initial conference. This information is necessary to plan and draft your will and/or trust. The chief disadvantage of a questionnaire is that many clients do not like to fill them out, which sometimes slows down the estate planning process. **However, if your estate is under \$27,220,000.00 for a married couple or under \$13,610,000.00 for a single person, (exempt from federal estate tax) then do NOT provide copies of bank statements, insurance policies, copies of other trusts in which you are a beneficiary, or any other documents that are requested in the questionnaire.** For most estates you should be able to complete this questionnaire in less than 20 minutes.

I want to advise you about my office policy regarding the privacy of client information. In this questionnaire, you will provide my office with nonpublic information about your personal finances and property. This nonpublic information is necessary so that I can advise you regarding your estate plan. It is my office policy *never* to disclose any nonpublic information about you to anyone, except where you specifically so request.

My office will retain records and files relating to the drafting of your will and/or trust. In order to guard your nonpublic personal information, my office maintains physical, electronic, and procedural safeguards that comply with the Code of Professional Responsibility that governs the legal profession. Please call us with any questions that you have about protecting your privacy.
